My heart fills with joy while writing this. It was a great experience studying and learning at BIT Noida. I graduated in 2007 in BSc. Animation and Multimedia course. We had a full cooperation with the faculty and the staff during our time of study. The exposure of various aspect of animation and film making helped me to practice multidisciplinary projects in my career. The fundamental which I studied at BIT helped me to experiment and grow in academics and industry both.

Currently I am working as an assistant professor in Department of Design at Sharda University, Greater Noida. I am pursuing my PhD in Design from Banasthali University and have been working as a Branding consultant with couple of Ad Agency like Auromira Films and IT company Scopegen India.
