

Minutes of the BoS Meeting

Date: 30/12/2020

Agenda: Discussion on *Addition of a new Programme Elective subject* and *Revision of PE 304 Production & Operations Management* in B.Tech Production Engineering Course Curriculum (CBCS).

A BOS meeting has been held online with different stakeholders of the department to discuss and finalize the "*Addition of a new Programme Elective subject*", and "*Revision of a Programme Core subject - PE 304 Production & Operations Management*" in B.Tech Production Engineering Course Curriculum (CBCS).

Addition of a new Programme Elective subject: A new theory paper "*PE 324 Surface Engineering and Laser Additive Manufacturing*" is introduced as a programme elective course for the sixth semester of the B.Tech Production Engineering Course Curriculum.

Revision of a Programme Core subject - PE 304 Production & Operations Management: The syllabus of theory paper "*PE 304 Production & Operations Management*" (B.Tech Production Engineering Course Curriculum) has been revised.

The final approved syllabi of both the subjects are enclosed herewith for its further approval in Academic Council.
