# Workshop on – Java Programming with Hands-on
## Date – 5th to 7th March 2024

A Three-day workshop on Java with hands on sessions was organized for developing the skills in Java by computer science department on 5-7th March 2024 under the CSI Orientation activity.

The workshop aimed to enhance participants' Java programming skills. Through a combination of theoretical lectures, hands-on coding exercises, and collaborative projects, the aim was to empower attendees with a deeper understanding of Java concepts and their practical applications.

By fostering a conducive learning environment, the workshop sought to equip participants with the knowledge and confidence to excel in Java development, thereby enriching their academic and professional pursuits within the realm of computer science and engineering. the workshop provided a platform for participants to explore the latest trends and advancements in Java development, with expert-led discussions on topics such as Java frameworks, libraries, and best practices.
